The date you have completed this questionnaire : _____

Questionnaire completed by:

Mother Father both parents other _____ if other – who?: _____

Is your child growing up with multiple languages? no yes if yes, which languages?: _____

Under this text you will find a list of English words. Please place a mark beside all the words that you have often heard your child say. Make sure to mark the words in both English and in German (2nd paper). Be sure to only indicate words that your child uses itself and not those which he/she merely imitates or understands. Make sure to include those words that your child may not yet perfectly say, for example „nane“ for „Banane“ or „twee“ für „tree“. Should your child use a similar word with the same meaning to one of those listed here (e.g. „kitty“ instead of „cat“) then please write down the word your child uses.

Please remember: The vocabulary of two year olds varies a great deal. Therefore, it can be the case that your child may only speak a few of the following words. Certainly, your child may speak many words that do not appear here.
